

**VACANCY**

## UNIEK CONCEPT

–Have you heard of Kazerne, in the heart of design city Eindhoven, already gaining rave reviews in the [New York Times](#) and winner of the [Entree Hospitality Awards](#) in the category ‘most trendsetting concept.’

In our monumental military police barracks and adjoining industriale warehouse, guests enjoy a 2.500 square meter design exhibition with a bar, a bar/bistro with 100 couverts, a multifunctional meetingroom (also usable as theatre and symposium space) and a design shop.

When the heritage site has been completely renovated at the end of 2018, another 8 exclusive hotel rooms are added, as well as a 30 couverts fine-dining restaurant, an exclusive members club and a couple of smaller multifunctional spaces.

Our team is enthusiastic, creative, international and ambitious. The atmosphere is cosmopolitan with a raw artistic edge, matching our international ambitions.

## VOLUNTEER EHV INNOVATION CAFE

*At Kazerne in Eindhoven.*

**Community builder? Driven storyteller? Is innovation in Design, Technology and/or Knowledge your drive? And Eindhoven your city? Then we are looking for you! Especially if you are an energetic, social and curious personality, that speaks English (and Dutch) well.**

From 7 June, Kazerne organises the EHV Innovation Café on a weekly base. An informal mix and match gathering – with short note on content – for the Eindhoven Triple Helix TDK-community: designers, technicians, knowledge workers, entrepreneurs, companies, education and government. Or the ecosystem that makes Brainport. From student to CEO, from startup to governor. In the heart of the city, every Thursday from 17:00 to 19:00.

Together with partners like ASML, High Tech XL, Dutch Design Foundation, Design Academy, Tu/e, VPRO Media Lab, E52, Eindhoven Startup Foundation, Female Ventures, Sparkplug Ventures and government of Eindhoven we create an available network of people that matter and want to share: a community with impact. The goal is to inspire one another, to accelerate innovation, to generate new collaborations and businesses. To bring talent, ideas and money together. And therefore contributing to a better world of tomorrow.

### **Something for you?**

Do you want to make this new initiative possible by actively matching visitors? Are you available every Thursday from about 16:00 – 20:00? Send an e-mail with motivation to [office@kazerne.com](mailto:office@kazerne.com) before 20 May. We are curious to meet you!
