

## UNIQUE CONCEPT

Have you ever heard of Kazerne? In our monumental military barracks and adjacent industrial warehouse - one of the most beautiful historical locations in Eindhoven – you'll find a bar, a 100 couverts restaurant, a multifunctional meeting room and a design shop that are opened daily. Here, people eat, drink and spend their time surrounded by design of top talents.

When the restoration of the heritage is completed in January 2019, eight exclusive hotel suites, a 30 couverts fine-dining restaurant, a members club and a number of smaller meeting and event spaces will be added.

The atmosphere is cosmopolitan with a raw artistic edge. A unique and ambitious concept.

## NIGHT PORTER (M/F)

*At Kazerne in Eindhoven.*

**Are you a night owl with an approachable and hospitable attitude even in the small hours? Would you like to look after our design hotel while most (international) guests are asleep? Then we're looking for you! Especially if you have a hands-on mentality and speak English.**

As a night porter you work independently and are your contact for the guests of our hotel with eight room and suites and a 24/7 members club. You don't mind also taking on some administrative tasks or doing some cleaning and tidying up. In the event of an emergency, we expect you to take action, be sure of yourself and find practical solutions.

An open mind and relevant experience are a must. With a relevant education and a love for culture and design, you have an advantage. Are you the representative colleague who can welcome our guests in a friendly manner? Then we are looking for you!

Of course we offer a suitable salary and excellent (delicious) fringe benefits, with career opportunities. Working hours in consultation, part-time and full-time.
