

**DUTCH INVERTUALS** Spraakmakende, toekomstgerichte designtentoonstellingen. Daarvoor staat Dutch Invertuals al negen jaar garant. Onder leiding van founder Wendy Plomp groeide het Eindhovense design collectief uit tot een must-see tijdens internationale design weeks, zoals in Eindhoven, Milaan en Londen. Trots op de impact van design met een link naar Eindhoven is deze parel in Kazerne nu voor langere tijd dan een event-periode te beleven. *Nine years of evocative, future-oriented design exhibitions. That is what the Eindhoven based Dutch Invertuals represents. Founded by Wendy Plomp, the designers' collective exhibitions have grown into a must-see during international design weeks, such as in Eindhoven, Milano and London. Proud of the impact of design linked to Eindhoven, at Kazerne these gems can now be experienced longer than the short duration of an event.*
