

## UNIQUE CONCEPT

Have you ever heard of Kazerne? In our monumental military barracks and adjacent industrial warehouse - one of the most beautiful historical locations in Eindhoven – you'll find a bar, a 100 couverts restaurant, a multifunctional meeting room and a design shop that are opened daily. Here, people eat, drink and spend their time surrounded by design of top talents.

When the restoration of the heritage is completed in January 2019, eight exclusive hotel suites, a 30 couverts fine-dining restaurant, a members club and a number of smaller meeting and event spaces will be added.

The atmosphere is cosmopolitan with a raw artistic edge. A unique and ambitious concept.
