

VACANCY

UNIQUE CONCEPT

Have you heard of Kazerne, in the heart of design city Eindhoven, already gaining rave reviews in the [New York Times](#) and winner of the Entree Hospitality Awards in the category 'most trendsetting concept.'

In our monumental military police barracks and adjoining industrial warehouse, guests enjoy a 2.500 square meter design exhibition with a bar, a bar/bistro with 100 couverts, a multifunctional meetingroom (also usable as theatre and symposium space) and a design shop.

When the renovation of the heritage site was completed at the start of 2019, another 8 exclusive hotel rooms were added, as well as a 30 couverts fine-dining restaurant, an exclusive members club and a couple of smaller multifunctional spaces.

Our team is enthusiastic, creative, international and ambitious. The atmosphere is cosmopolitan with a raw artistic edge, matching our international ambitions.
