MORE than just a great player on the world's design stage, the city of EINDHOVEN is now home to a wholly unique design and HOSPITALITY experience:

KAZERNE – HOME OF DESIGN.

Set in former military barracks (Kazerne in Dutch) and an adjoining industrial warehouse, Kazerne celebrates the impact of design by immersing guests in an environment where they EAT, DRINK, MEET and SLEEP surrounded by the works of world-class design talent. Envision a MUSEUM-LIKE PLATFORM.

Recent design pieces are showcased in the 2,500-square-meter EXHIBITION space (with shows changing every four months), including the HOTEL's eight luxury rooms and suites, several meeting rooms and a design SHOP.

Kazerne offers an INSPIRING and atmospheric setting that forms NEW ALLIANCES between creatives and the public, serving as a MEETING PLACE for design professionals, as well as lovers of art, design, technology and food.

Guests can enjoy TWO high-style DINING EXPERIENCES, one a casual and vibrant bar/restaurant with an ITALIAN TOUCH, the other an NORDIC INFLUENCED exclusive escape.

Kazerne offers guests an environment where they can EXPERIENCE, 24/7, HOW DESIGN ADDS VALUE to the world in which we live.
